Prior to accepting the position as Administrator at the Rehabilitation Center of Hampton, Kathy served in the position of “Administrator at Large” filling in at various facilities as needed, with a number of years as the Administrator of Dumont Wellness Center and Dutchman Oaks Independent & Assisted Living in Dumont, Iowa, and serving as Administrator at Allison Rehabilitation Center, Allison Therapy Clinic, Elm Springs Independent & Assisted Living, and Java’s Bakery & Deli, one year at the Lake Mills Care Center, several months as the Administrator of Harmony House and Danbury Circle Independent & Assisted Living, in Waterloo, Iowa and two years as the Insurance & Benefit Manager for ABCM. Through the years at the facilities Kathy served, she and her staff were recognized by the State of Iowa for a substantial number of Deficiency Free Surveys.

“To relinquish my Administrator position at the Dumont Wellness Center and Harmony House in Waterloo and at other facilities, in order to accept the position as Administrator of the Rehabilitation Center of Hampton, was a difficult decision to make; especially after investing and devoting myself to residents, families and staff, to enhance all aspects of the continuum of care. Those who know me know that I’m competitive and compassionate in what I do, and coupled with the fact that I am a Hampton native, well, I couldn’t turn down this opportunity to serve people in the community that I grew up in,” said Kathy Meyer-Allbee.

Last summer the center changed its name from Hampton Healthcare Center to the Rehabilitation Center of Hampton. The name change is to promote one of the center’s prime services: Rehab-to-Home Care and Suites as the center specializes in physical therapy, occupational therapy, and speech therapy.
