Energy Trail Tour 2025

Franklin Rural Electric Cooperative and Corn Belt Power Cooperative invite you to join us on an Energy Trail Tour being offered this summer. The 3-day adventure will allow you to have a first-hand experience on how your power providers convert energy from water, wind, and coal into electricity. View coal being mined and see how those mines are then returned to productive farm and native grass lands. Enjoy interactive walking tours through a hydroelectric and coal-fired energy generation facility and other stops along the way. Meet other cooperative member-owners while traveling together across the Dakotas on-board a motor-coach bound for the North Dakota's Energy Loop.

There is no fee to for you to participate in this trip. Franklin REC provides a hotel in Le Mars, IA the evening prior to the trip. Meals and snacks during the Energy Trail Tours are also provided. Participants must be able to stand for long periods of time and navigate stairs. The trip winner will be announced on Monday, April 21, 2025.
