NOTICE

The City of Hampton will be flushing water hydrants throughout the city as part of routine maintenance for water lines, beginning weekdays on Monday, October 27, 2025 (approximately a 2-week process). The sequence of town quadrants affected will be SW, SE, NW and ending in NE Hampton.

Customers are warned this maintenance practice may affect their water pressure temporarily during the hours of 7 a.m. to 4 p.m., as well as possibly increase the amount of rust in their water during this process. Discoloration of clothes may occur if laundry is done during this time. It is recommended customers check for water discoloration and run cold water until clear, if necessary.

If you have a newer style water softener, the City recommends bypassing it during this process to prevent possible issues related to the potential fluctuation of water pressure.
